

UMBHA Judges Committee

At the May, 2019 meeting, the UMBHA Board voted on using the services of Mike Adams to hire our judges for us for the next three years.

Mike Adams will hire the judges for us in exchange for the opportunity to judge at least one of our shows in the three year period on his preferred date. There shall be no cost to the club for using his services.

UMBHA shall appoint a liaison between the club and Mike Adams. This liaison will then work directly with Mike to insure our judges are hired.

The UMBHA Liaison will be responsible for:

- ❖ Relaying to Mike our fees that we are expected to pay per judge per day.

(Note: These fees will be discussed at the August/September Meeting by the UMBHA Board so we can have Mike hire the judges by October)

- ❖ Relaying to Mike our preferred judges or any judges we do not wish to have.

- Note: It is important to have our more efficient judges hired on Saturday when we have the WWHSA classes.
- It is best not to have any Wisconsin based judges for the August show when we have the futurity so that all entrants can have a shot at showing under all judges in the futurity. This is in case their horses are being trained by a judge or if they are taking lessons from one of the judges. This avoids any conflict of interest.

- ❖ Sending newly hired judges their contracts and insuring a timely return.
- ❖ Making hotel reservations for the judges.
- ❖ Giving a copy of the judges contracts to the treasurer to be used as a receipt for the books and to the show manager.
- ❖ Sending Judges confirmation letters that include their hotel information.
- ❖ Sending Judges patterns to be used at the show.
